

Uncommon High School Remote Instructional Plan

Overview of Remote Instruction:

- Each day, students access a 20-minute instructional video from Google Classroom for one of their core academic classes and view during its scheduled 1-hour class period.
- During the remaining 40 minutes, students access the classwork handout from Google Classroom and complete using guidance from the video and any other resources.
 - Students may submit assignments as a Google doc through Google Classroom.
 - Students may complete work on loose-leaf and submit photos of assignments via Google Classroom.
- Students submit what they have completed by the end of the 1-hour class period. This will count as their attendance and will be graded for completion and accuracy.
- Teachers of the course are available via Zoom during the 40 minutes following the video to provide “office hours” for students. Students can Zoom in to ask questions of their teacher.
- Teachers of AP Courses can determine if they want to assign additional work outside of the hour period. Grades will be based on classwork and assessments.
