

CITY OF CAMDEN QUICK RESOURCE GUIDE

COVID-19

The health and safety of our residents and the entire Camden community is paramount. The City of Camden is working closely with our partners at the Camden County Health Department, New Jersey Department of Health, and Centers for Disease Control and Prevention to monitor the novel coronavirus or COVID-19. We are confident the appropriate steps to limit outbreaks are being taken and urge everyone to follow the recommendations of public health officials.

Public Health Guidance

Effective March 21, 2020, Governor Phil Murphy issued Executive Orders #107 & 108 directing all New Jersey residents to stay at home until further notice and for all non-essential businesses to close.

The City of Camden urges all residents, employees, business owners and visitors to adhere to this order and to take recommended precautionary health measures to fight the spread of COVID-19
