

Family Educational Rights and Privacy Act (FERPA) Notice for Directory Information

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Uncommon Schools, Inc. (“Uncommon”), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, Uncommon may disclose appropriately designated “directory information” without written consent, unless you have advised Uncommon to the contrary in accordance with Uncommon procedures. The primary purpose of directory information is to allow the Uncommon to include information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

If you do not want Uncommon to disclose any, or all, of the types of information designated below as directory information from your child’s education records without your prior written consent, you must notify the Uncommon in writing by October 1st of the current school year. Uncommon has designated the following information as directory information:
